

Field Service Bulletin – FSB # 161102

UL on Deep Tank Heaters

Product(s) Applied To: 15kW and 18kW single tube deep tank metal heaters
45kW, 48kW, and 54kW triple tube deep tank metal heaters

Submitted By: Steven Burns

Date: November 23, 2016

Reason:

Until further notice, deep tank heaters with wattages greater than 12kW per heater tube will not be UL Listed. Heaters in current operation are not affected. We apologize for any inconvenience this may cause.

Alternatives: Deep tank heaters with wattages of 12kW or less per heater tube are still UL Listed. We recommend utilizing these as an alternative.
